Job Description

Apply Before: 30-06-2025

Position: UI Developer Intern

Location: Pune (On-site)

Duration: 6 months

Stipend: INR 5,000 per month

PPO based on performance and CTC can be discussed

Role Overview:

We are looking for a passionate and skilled UI Developer Intern who is eager to gain hands-on experience in developing interactive and visually appealing web applications. You will work closely with our experienced team to create user-friendly digital experiences.

Key Responsibilities:

- Develop user-facing features using HTML, CSS, JavaScript, and related technologies.
- Assist in building responsive web pages (RWD) and optimizing them for maximum performance and scalability.
- Collaborate with designers and back-end developers to ensure seamless UI/UX execution.
- Validate user input and ensure secure, scalable code practices.
- Maintain version control using GIT and adhere to agile development workflows.

Preferred Skills & Knowledge:

- Proficiency in HTML/CSS, JavaScript, jQuery, and Bootstrap.
- Awareness of cross-browser compatibility issues and responsive design best practices.
- Familiarity with version control systems like Git.
- Bonus: Knowledge of PHP and back-end integration.

Who Should Apply:

- Students pursuing a degree in Computer Science, Web Design, or related fields.
- Individuals who are self-driven, eager to learn, and passionate about front-end development.

Perks:

- Real-world project experience
- Mentorship by experienced professionals
- Certificate of completion
- Opportunity for pre-placement offer (PPO) based on performance
